Tubies® Artwork Template

How to set up your artwork · Page 1 is the full-size template

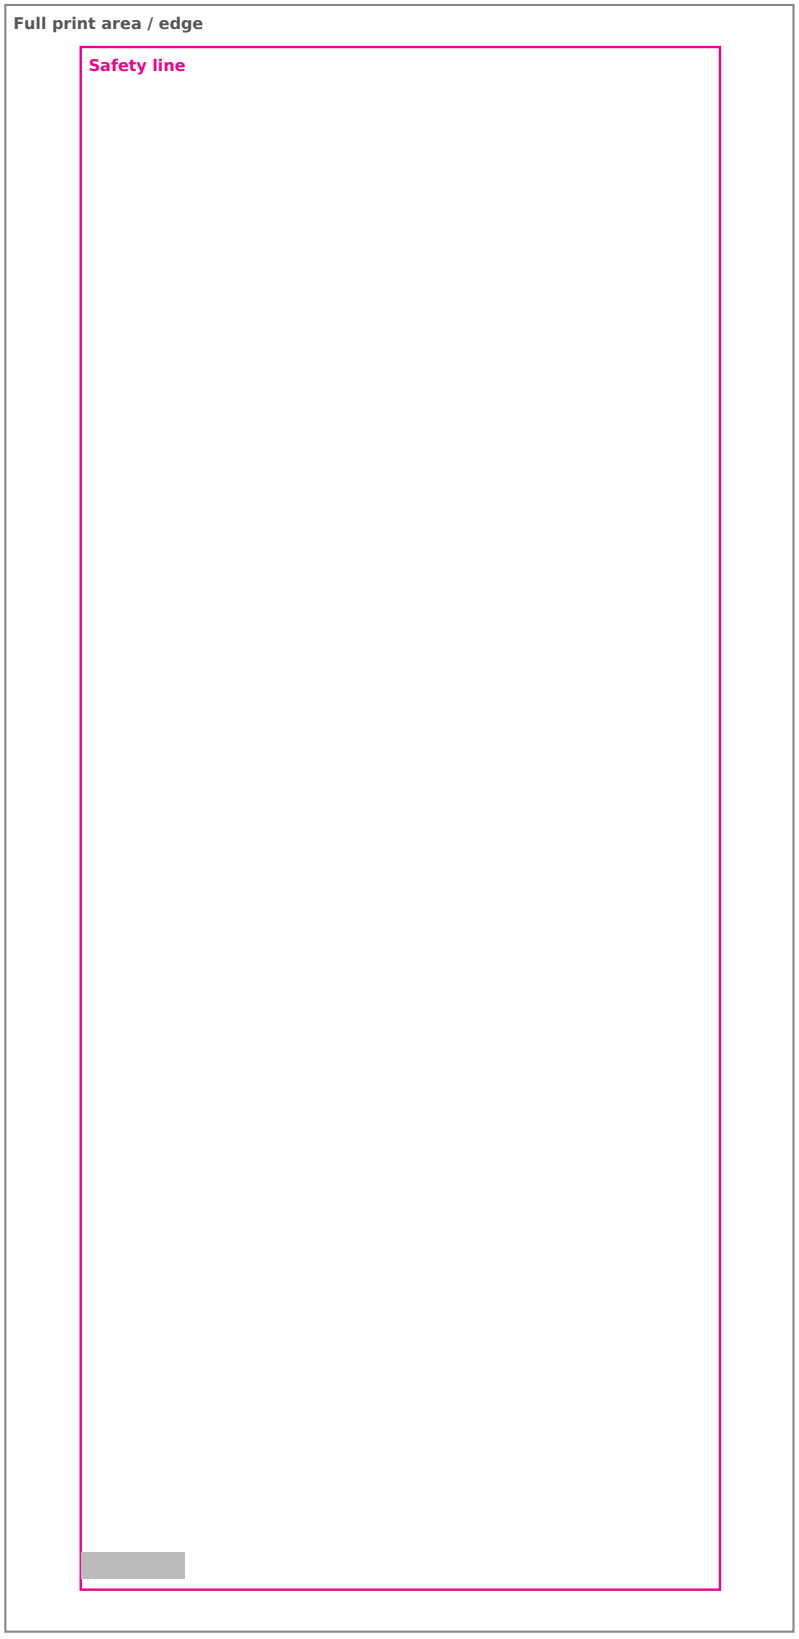

Diagram of page 1, to scale (not actual size)

Guide lines

Full print area / edge
10.42" × 21.5" (750 × 1548 pt). Extend background color or art all the way to this edge. Build at full size.

Safety line (magenta)
8.45" × 20.39", about 1" in from the sides and 0.55" in from the top and bottom. Keep text and important art inside this line.

Tubies® logo spot
Bottom-left corner. The logo is white in the template (shown grey here). Keep important text out of this spot.

Artwork tips

- Work at 100% scale on the full page size.
- Extend background color or art all the way to the outer edge of the page.
- Keep text and important art inside the safety line.
- Vector art (AI, EPS, PDF or SVG) is best.
- Or use a 300 dpi PNG or JPG at full size.
- Convert text to outlines before saving.
- Delete or hide the safety line and the Stickers and More header and footer text.
- Upload your file when you order. We send a free digital proof before anything is produced.
